EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: The following words have replaced the amendment before the first sentence of the specification:

- -This is a divisional of Application SN 09/285,621, filed April 3, 1999, and now US 6,328,872. - - .

The title has been amended to read: - - Apparatus for plating and polishing a semiconductor workpiece - - .

2. The following is an examiner's statement of reasons for allowance: Applicants' response is persuasive in that the reference of record does not show or suggest a pad assembly for plating and polishing a semiconductor workpiece in which the assembly has a cylindrical anode with an outer surface and a plurality of pad strips mounted on the anode and protruding

from the outer surface of the cylindrical anode and configured to planarize and fill cavities in the semiconductor workpiece.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
